PARK IMPROVEMENT IN HEIGHTS IS ASKED BY NEW S. A. GROUP

City Council Considers Ways and Means of Best Using $10,000

MAY EXTEND AVE. LAWN

Heavy Expenditures by City On SERA Projects Used Up Municipal Funds

San Antonio Heights Community Improvement association today has on file with the city council a request that Upland erect a combined tennis court and open air dance floor at San Antonio park. The park is owned by the city, but it is outside the city limits.

While no definite action was taken at the meeting of the council last night it was pointed out that a considerable sum has already been spent on the park. Three hundred dollars have been spent since July 1. During the two previous years $600 were spent each year, it was reported by Richard G. Manley, city service manager. In general the officials expressed themselves as being more favorable to beautifying the grounds than the construction of a court.

A sum of $10,000 is available for "city beautification," as an SERA project. During the next few weeks the officials will decide if a portion of the sum will be used on San Antonio park, in extending the lawn on Euclid avenue, in leveling and improving the parkways along the city streets or otherwise beautifying the city.

Mr. Manley pointed out that the $10,000 is to be used by the SERA in paying men to work and that if any materials are used it will be necessary for the city to furnish them. On various other SERA projects the city has spent a large sum for materials, with the municipal finances for the last month of the current year being at a low point.

Building Now To Aid Property Owner And Artisans, Plea

In building now property owners will not only benefit themselves but also will help spur along the building trades industry.

That's the message being taken into many homes by a group here, who are surveying Upland to determine the possibilities of getting construction started. The SERA is providing funds for the survey, with officials of the National Housing administration in charge of the work.

It is possible for property owners to obtain loans through the housinug act. Application for loans may be made with the local banks.

Stores Prepare for Big Saturday Trade

Throughout the Upland business district store managers are today preparing for a large crowd of Saturday shoppers. Retail business is steadily increasing here and the merchants are seeking to be of the greatest service.

Within recent weeks several additional salesmen have been added by various stores.

Especially attractive prices have been arranged by grocery stores, drug firms and other institutions for tomorrow. While no general city-wide sale for tomorrow is planned, it is pointed out that customers in this district will find it profitable to buy in Upland.

Almost all large local stores have connections with wholesale houses that enable them to get merchandise at very competitive prices. Comparisons have proven that Upland selling prices are as low as any prices in the district.

In addition to attractive prices, local stores can give service that cannot be equaled.

Fire Fighters Given Praise by Officials

The fact that the Upland Fire department answered 13 fires during May, without any fire loss, received the attention of the city council last night.

Al Ledig, fire chief, submitted the report for May.

Mrs. Morton Suffers Fracture of Arm as She Plans Vacation

Mr. and Mrs. William Morton, West Ninth street, can today picture themselves at the beach. They had expected to be at the beach and enjoy the pleasures afforded along the Pacific ocean.

Preparing to leave for a short vacation yesterday morning, Mrs. Morton slipped to the floor in her house and suffered a fracture of her left arm. She was taken to the San Antonio Community hospital for treatment, later being removed to her home.

Mrs. McPherson on Train Through Here After World Tour

Aimee Semple McPherson passed through Upland yesterday as a passenger of the Santa Fe's Grand Canyon limited. She was enroute to her Four Square temple in Los Angeles after a world tour.

She was accompanied by her secretary, Miss Ella Nordin.

AUTOS INSPECTED IN SAFETY DRIVE

Upland 20-30 Club Sponsoring Light, Brake Tests in City Today

Scores of Upland motorists were today receiving free inspection services as the result of the Upland 20-30 club safety campaign. Headlights were inspected by McLellan & Kuhns and brakes were being tested by the California highway patrol.

The inspection was only for the purpose of advising motorists of the condition of their cars, no citations or complaints being issued.

The local club made arrangements for the inspections and a general invitation was extended for everyone to take advantage of the services. Throughout its districts, the association of 20-30 clubs was sponsoring safety campaigns.

J. A. Kermott Plans New Store Building At Fifth, Eleventh

Due to the fact that there is no apparent opposition among the residents in the Eleventh street and Fifth avenue district, the request of J. A. Kermott to raze the store building at the northeast corner of that intersection and to erect a new one in its place received favorable consideration of the Upland city council last night.

His detailed plans and specifications, however, are to be submitted to the city planning commission for a final "ok." Last night's city council meeting was the time set to hear protests, if any.

New Department Is Added by Mehl With Paulin as Manager

This city's veteran business concern has added a new department with a native Uplander in charge. The Mehl Hardware Co. has established an electric appliance department, with Howard C. Paulin its manager.

Frigidaire refrigerators and a complete line of household electric appliances will be features. For several years the concern has stocked some appliances, but under the new plan the department will feature a complete line, with Mr. Paulin devoting his entire time to the merchandising of refrigerators, washing machines, ranges and the like.

Pistol Shooters in Exhibition To Open New Ontario Range

The southland's crack shots performed in Ontario yesterday.

As a feature of the dedication of the new Ontario pistol range at the John Galvin park, Chief of Police Davis of Los Angeles and his crack shots performed. The visiting chief has confidence in the ability of his shooters as shown by the fact that he smoked away at a cigarette while his pistol aces knocked off the ashes.

Chief of Police J. L. Loch of the Ontario department and Mayor Leland S. Davidson greeted the visitors. The Ontario team finished second in a pistol tourney.

SPIDER OBJECT OF WARNING TODAY AS DANGER IS GREAT

"Black Widows" Increased 10 Times in Few Years, Is Report

HATCHING SEASON IS ON

Mexican Youth Dies and First Report Gave Spider Bite As Reason

Warning against the black widow spider was issued today by county authorities. During the last three years the number of poisonous spiders is estimated to have increased 10 times. This is theh hatching season and the danger of being bitten is especially acute at present.

Reason for the warning being issued today was the death of a little Mexican boy yesterday, believed at first to have been caused by a spider's bite. Investigation, however, later proved that the lad, Juan Hernandez, son of Mr. and Mrs. Bionicio Hernandez, Vinmar street off of East Ninth street, died of a bowel obstruction. He died at the county hospital yesterday afternoon.

Spider bite victims should immediately obtain medical treatment, according to Dr. E. B. Godfrey, director of the county health department. Acute pain in the stricken portion quickly spreads to other parts of the body. with the victim usually suffering muscular contraction, high fever. difficult breathing, cold perspiration and extreme rigidity of the abdomen.

The spider builds its web in dimly lighted places, and is found around roots of trees, beneath rocks and boards, in clumps of weeds, in dark corners of rooms and garages. Picnic parties were warned to be on guard, particularly in heavily shaded and damp spots.

The best method of control, according to the state department of public health, is by spraying crude oil or creosote in cracks and crevices. A solution of half gasoline and half kerosene may also be used, but extreme care must be taken to prevent fire. The best method, according to the department, when the insect itself is found, is to energetically wield an old-fashioned broom.

A "close-up" of the spider is on display in the Mehl Hardware store, where two adult and a horde of baby spiders are in a glass bottle. A week ago one of the spiders and an egg were placed in the bottle. Later the egg hatched its unnumbered brood. Another adult spider was placed in the bottle three days ago. The two adults have since then engaged in "sparring" matches with a real battle expected by the interested observers.

Traffic Law Cases Trebled in Month

As the result of an intensive check on traffic law violators, 338 motorists were arrested from May 10 to June 10 by the California highway patrol in the county.

The number of arrests is three times the average made before the strict drive was started. In addition to those arrested, 1,027 motorists were stopped by officers and warned of traffic violations.

THREE TEAMS PLAY ON SCHOOL GROUNDS

Summer Diamond Sport Will Open Tomorrow Morning—Plan Other Events

Baseball starts in full swing at the Junior high diamond Saturday morning at 9:30 o'clock under the auspices of the Upland Recreation center. Three teams will be organized for inter-city competition.

Vernon Shiflett has been transferred for night duty to help organize the activity. Carl "Swede" Neilson, well known in local athletic circles, has been added to the staff to work with Mr. Shiflett in organizing a more comprehensive summer program. Besides baseball, boxing and wrestling are to form an important part of the group on the school grounds. Competition is open to all ages.

C. J. Nafius' Editorial Judged Best In 20-30 Safety Contest

One of the activities of the Upland 20-30 club in sponsoring Safety Week was an editorial writing contest among the members. Among the number written the one composed by C. J. Nafius printed here was judged the best submitted. A club emblem will be presented by the club to Mr. Nafius as a prize. His editorial follows:

During Safety Week there are a few important things which we must think about. One of the first is himself, which means drive carefully, make all boulevard stops, be cautious at crossings, both railroad and intersections.

If one would drive with the one thought in mind that he, as one individual, will not be the means or cause of an accident, think of the many thousands less accidents there would be; just for one week!

The second thing of importance to consider is "the other fellow." Don't think or feel that he is such a fool that he should not be on the road. After all he may be thinking (and rightly, too) the same thing about you.

Another important thing to do and remember is, give your signals correctly. The man behind or in front of you—a million chances to one—is no mind reader; no more so than you. So when giving a signal give it in time, that the other fellow will make no mistake as to what you intend to do.

If there are children playing near, or in the street, don't figure you know what they are going to do, but let them know what you are going to do. Slow down so that if it were necessary to make a definite and decided stop, you have the car under such control that you can do just that. And don't forget the old folks who may be crossing the street.

Your brakes are not so mechanically perfect that something could not go wrong. Be absolutely sure that you can stop when necessary—not after it is too late.

Think of the feeling of satisfaction you will get out of knowing that through your efforts you have taken a part in something big.

What we need in the way of a preventive (which is still an unsolved mystery) all one can do, however, is suggest. I would say what this country needs is a good reliable "invisable man," one who would see all, know all, and gladly be at your service to tell all. The man who would take the place of the Grim Reaper, who might be riding with you.

Let us all try to live and think Safety—not for just one week—but for fifty-two weeks.

ANDREAS ACTIVE IN LEGISLATURE

Uplander Fights for District—Compliment by Governor For Support

Godfrey A. Andreas is glad the state legislature is over. He is glad to be back from Sacramento, where he represented this district in the assembly.

He enjoyed the experience of mingling with the politicians and in helping to frame the state's new laws. Mr. Andreas returned late Tuesday afternoon. He was at the meeting of the Upland city council last night for one of the few times in 1935.

This district fared very well in getting consideration from the legislature, he said. Everything possible was done at Sacramento to get the Los Angeles bureau of power and light to change its route. Ontario's site for the proposed "first termer's" prison is among the few being considered. State officials will inspect the site next week. Mr. Andreas' proposal to get $400,000 for flood control and water conservation for the Santa Ana river district received favorable but not final consideration. . Governor Merriam has assured him, however, that funds will be alloted for the water program in the county.

Mr. Andreas stated to The News that the proposal for change of route of the power line of the Los Angeles Bureau of Light and Power from the foothills to a location south has been referred to the committee on public utilities of the state assembly, who will investigate both routes and take up the matter with the Los Angeles authorities. He is hopeful the result will be favorable to this district.

Throughout the long, hectic and battling session, Mr. Andreas was one of the legislators who strongly supported the governor. Just before adjournment late Sunday night, Mr. Andreas had occasion to be in the governor's office.

Governor Merriam warmly greeted the local assemblyman and said: "Mr. Andreas, I want to very sincerely thank you for what you have done for me during this session."

Coming as a distinct honor to Mr. Andreas was his appointment as speaker pro tem of the assembly for several hours Sunday. This honor was conferred upon various officials as the assembly neared its close. Mr. Andreas was the only one from Southern California to be honored in this manner.

Local Party Visits U. S. Hospital Ship

Miss Clara Lou Nisbet and her brother, Gene Nisbet, and Mr. and Mrs. Emmett Quinn motored to San Pedro Thursday and were entertained aboard the Relief, hospital ship for the United States fleet, their host being Dr. Owens, commander on the ship.

Dr. Owens, who is a brother of Mrs. Mildred Puckett of Upland, conducted his guests on a tour of the giant floating hospital and his explanations of the modern equipment proved educational as well as interesting.

W. R. C. MEMORIAL SERVICE IS HELD

Plans Made for Celebration Of Comrade Rankin's Birthday

A number of important plans were made and memorial services were held during the meetings of Ontario post, G. A. R., and the Woman's Relief Corps held Thursday in the Ontario American Legion hall.

The post meeting convened at 1:30 with Commander Alois Podrasnik presiding. The commander and E. M. Rankin were present from Ontario post and Comrades David Ballinger, J. B. Baugh and R. M. Ross from Pomona. A letter from headquarters was read, telling of a program to be given on July 4 at the San Diego fair honoring the G. A. R. and allied patriotic organizations.

On June 27 E. M. Rankin will celebrate his ninety-fourth birthday and a dinner in his honor will be given at noon at the home of Commander Podrasnik with the Pomona post members as guests. In the afternoon from 2:30 to 5, the W. R. C. will hold open house to all Mr. Rankin's friends at his home, 304 East A street, Ontario. Mr. Rankin came to Ontario colony on Jan. 11, 1887, and is widely known in the West End communities.

Regret was expressed because of the death, just before Memorial day, of Comrade J. C. Snook of Pomona. He was 96 years old.

With Mrs. Florence Ogan, president, presiding, the corps meeting was held at 2 o'clock, Comrades Podrasnik and Rankin attending and 30 members being present.

Reports showed 203 calls were made during the past month, and welfare work to the value of $9 was reported with 11 bouquets being sent.

Mrs. W. T. Underwood of Upland was voted membership in the corps and will be initiated at the next meeting. Mrs. Neva Kessler and Susie C. Payne were initiated and the charter was draped for Mrs. Anna C. Stolte.

Memorial services were held for seven corps members and one comrade. The service opened with a song, "At the End of the Way," written by Mrs. Princess Long and sung by Mrs. Ralph H. Marr.

Comrade F. W. LaGrange was eulogized by Mrs. Marr; Mrs. Etta Anderson, by Mrs. Josephine Confer; Mrs. Alice Blazer, by Mrs. Alice Reed; Mrs. Anna D. Stolte, by Mrs. Altrude Patrick; Mrs. Ella Bradford, by Mrs. Henrietta Rowe; Mrs. Emma Lageshulle, by Mrs. Myrtal Marten; Mrs. Ella Wood, by Mrs. Lita Gillilan, and Mrs. Lena Pree by Mrs. Catherine Evans.

Floral tributes were placed in their vacant chairs.

CHAFFEY AVIATION STUDENT WILL GET JOB IN AIR LINE

Work in College's Aeronautics Department Brings High Recommendation

GOING TO SOUTH AMERICA

Oscar Hopper, Covina, Scheduled To Be Inspector for Plane Owner

From the Chaffey aeronautics course to an inspector on a commercial line in Guatemala is the record of Oscar Hopper, it was announced today by Charles Turner, head of the one-year old department at Chaffey. Mr. Hopper, who resides with his parents near Covina, attended Chaffey junior college during the recently completed year in order to study aeronautics.

Mr. Turner has recommended him to W. W. Hodkins, owner of an airline in South America. For several months the Chaffey students, under Mr. Turner's direction, have been rebuilding one of Mr. Hodkins' planes. The students' work has been so satisfactory that the aviator turned to Mr. Turner for a recommendation of one of the students.

"It isn't absolutely sure that Oscar will get the job, but everything so far has been arranged for him to go south with the ship, to be an inspector on the airlines and to supervise the rebuilding of a ship similar to the one we have been working on here,' Mr. Turner said this afternoon. "I am going to give him some special instruction on inspection and then he will be all prepared to take over his duties."

Mr. Hodkins' plane will be taken to Los Angeles tomorrow. It is scheduled to be on its way to service in the commercial line by July 1. hTe Chaffey student will also go south at about that time.

This recommendation and scheduled appointment to the position comes in recognition of the student's enterprise and also in recognition of the practical training given in the course by Mr. Turner. Fifty-five students were enrolled during the last year, with it contemplated that more will register in the course this fall.

Instruction is given only in the mechanical phase of aviation, the students being given practical work on aviation motors and plane construction.

Chaffey Jr. College Students to Secure Grades From Office

Director Chas. J. Booth of Chaffey junior college announced today that all grades are ready for distribution to Upland students of the junior college.

The grades may be secured at the director's office at any time during the week with the exception of Saturday afternoon, when the office will be closed.

It is desired that the students call for their grades at their earliest convenience.

CHAFFEY BUDGET TOTAL $431,000

Figure Tentatively Adopted By Board—Public Hearing Is To Be Held

It will cost $431,000 to operate the Chaffey high school and junior college next year, the sum also including maintenance of the ninth grade at the Upland junior high school and the ninth and tenth grades at the Fontana junior high school.

This sum is an increase of $24,000 over last year's budget total. The increase is due to the building program and a slight increase in teachers' salaries.

The high school budget is for $261,000, as compared with $244,000 for last year and the junior college budget is $170,000 as compared with $163,000 for a year ago.

These figures were tentatively adopted at a special meeting of the board this week. They will not be officially approved until after a public hearing has been held.

Two Uplanders Win Honors as Pomona College Graduates

Two Upland young people were among the 148 who received degrees at the Pomona college commencement June 17.

They are Adolf F. Voigt, son of Mrs. Marie Voigt, 373 Sixth avenue, who received "high honors" and departmental distinction in chemistry, and Charles Elvin Genung, son of Mr. and Mrs. E. H. Genung, 1390 W. Fifteenth street, who was graduated with "honors" and departmental distinction in astronomy.

60 Per Cent of Cars Entering State Come Through This County

Tourists are coming to California more than ever and a survey has disclosed that 60 per cent of the visiting motor traffic has entered the state through this county.

Tourist traffic into the state during the first five months of 1935 has brought 258,645 persons to California.

COMMUNITY HOBBY SHOW IS PLANNED

Alta Loma School House Will Be Scene of Unique Public Exhibit

Promoted by the SERA recreational center and the Alta Loma Parent-Teacher association, a community-wide hobby show will be held in the Alta Loma school house next Wednesday evening, June 26, beginning at 7 o'clock.

Mrs. J. A. Curlett of Ontario, recreational director for this district, is in direct charge of the unique project and she urges the public to not only attend but also to participate in the show.

Hobbies of all kinds are to be exhibited, and many clever and perhaps peculiar displays are expected. Anyone having an exhibit of any kind for entry will be welcome to place it.

Exhibits are to be brought to the school house between the hours of 10 a. m. and 5 p. m. Wednesday.

A program will be presented during the evening featuring the SERA Mexican rhythm band.

The public is cordially invited to attend the show, which will be educational as well as interesting.

Mock Trial Draws Large Attendance And Law Revealed

Approximately 250 persons, many of them owners of rental property, attended court last night when the trial of a defaulting renter was held in the Fannie D. Noe school auditorium.

Judge Fred H. Jacobs of Upland and Judge J. F. Hamilton of Ontario occupied the bench jointly, while the attorneys in the mock trial were Herbert C. Naylor and Archie D. Mitchel.

Although the trial was conducted in humorous manner that provided the audience with much amusement, still the true points of law pertaining to the rights of both the landlord and the tenant were brought out and the trial was educational as well as entertaining.

Serving on the jury were A. J. Handley, Miss LeOla R. Lee, F. H. Wallihan, Mrs. T. A. Evans, Mrs. R. C. Williams, J. L. Messenger, F. L. Kennan, G. T. Redmon, Mrs. Willis H. Jones, R. J. Gillilan, Mrs. W. K. Beattie, and Lawrence Sturges.

The trial was held under the auspices of the Chaffey Community Property Owners Rental association.

Windows in Grocery Store Are Broken in Attempted Robbery

Arrow highway grocery, East Arrow highway, had callers last night. Only broken glass in the front windows, however, was the result of the call, the store having been robbed a few weeks ago. Prior to that robbery several months an attempt had been made by someone to enter the store.

Last night's depredations, therefore, marked the third time the store has been the object of alleged thieves. Several windows had been broken, according to the Upland police report in an attempt to enter the store.

FORGED CHECK IS DISCOVERED HERE AS MAN IS SOUGHT

Charles Snow Named in Complaint Issued by Judge This Afternoon

LEE BIGLEY GETS CHECK

Ontario Stores Also Seek Man Who Lived in Upland Until Recently

In a room in an apartment house on South Euclid avenue, Ontario, Charles Snow apparently practiced writing signatures of prominent West End residents.

At least, the man is today being sought on a charge of forging checks, one of them being passed at Lee Bigley's store on East Arrow highway. A complaint, charging Show with forging a check, was signed by Mr. Bigley before Judge Fred H. Jacobs this afternoon. The check was for more than $28.

In Snow's apartment last night Mr. Bigley and Ontario police found a tablet bearing scribbled names of various businessmen and Ontario ranchers. He is reported to have written several other checks and his total assortment has not yet been definitely ascertained. The check received by Mr. Bigley was written two weeks ago. It did not return here until yesterday.

Snow lived in Upland for some time, moving to Ontario recently. He, however, left his apartment two weeks ago and has not been heard of since. On leaving the apartment, he wrote a note to his landlady saying he would be back on the following Tuesday.

The check given to Mr. Bigley was in payment for an account that had been guaranteed by a friend of Snow.

T. P. Croney Misses $75 Due to Absence From Upland Theatre

Name of T. P. Croney, 1739 Second avenue, Upland, was added to the list of persons who "might have gotten the money" from the Upland theatre bank night awards. Mr. Croney's name was called, but he was not among the throng that filled the theatre last night.

Another $25 will be added to the sum. making $100 to be presented next Thursday.

Spring Lecturer at Claremont Colleges

Gardiner W. Spring, president of Chaffey junior college, is to appear as a special lecturer in connection with Claremont Colleges summer session. He will speak on the subject, "The Social Implications of School Administration" on June 26 at 10:30 a. m. before a special group of students and school administrators. The meeting will be held in room B of Harper hall, College avenue and 10th street. Mr. Spring is one of several leading school administrators of Southern California who are taking part in this cooperative project.

These lectures by the school administrators are a special feature of the Claremont Colleges summer session, which opens on June 24. A number of students from this locality are registered in various of the offerings of the summer session.

To attend the summer conference of the State Agricultural Teachers association, four Chaffey teachers will go to San Luis Obispo next week. They are Archie L. Moore, who will sing during the banquet for the teachers and who will also appear as a soloist at the Rotary club meeting there, Charles A. Perrin, Harry Alter and Ray Delhauer.

Relatives of Buel A. Funk, deceased brother of Mrs. Harold B. Anderson of Upland, are named in a damage suit as the result of the automobile accident Oct. 5 in which Mr. Funk was killed. The accident occurred near Ludlow when Funk's car figured in an accident with another machine. Mrs. S. Benfatti and her son Guardamodo, driver of the other car, were also killed in the crash. Sum of $110,750 is sought by Sebastiano Benfatti, widower of the woman killed in the crash.

Responsibility Put on the Home

Control of conditions and environments that develop the gangster, the racketeer, the pervert and all other chronic criminals, is now squarely up to the scientist and the home, rather than the police and the courts. Also the maladjusted home, whether it be in the slums or the suburbs, is the real craddle of crime.

These conclusions have been reached after years of study by research agencies of the University of California. The studies have revealed that chronic delinquency is not being cured where it had not been attacked in the home or the school, and that the agencies set up by society for the control and punishment of the criminal, may provoke as well as prevent crime.

Findings establish the disheartening fact that the early delinquent will bog down deeper into crime, despite all restraint, unless he is taken in hand when his destructive behavior first becomes apparent. Also that a large percentage of supposedly non-delinquent children become criminals later in life. Concurrent studies showed that 92.5 per cent of a group of Berkeley problem children in school some nine years ago, have since become delinquents and criminals.

The highly intelligent girl who is unduly restricted by parents or other adults, may develop into as vicious and puzzling a criminal as the criminally inclined half-wit, the studies revealed, emphasizing the necessity for making the home the first point of crime control. That the home holds the real solution of the crime problem is attested by the fact that the Berkeley school department has no record of a serious delinquency case developing from a normal and wholesome home. On the other hand the maladjusted home and improper and misguided adult restraint and adult misunderstanding breed virtually all delinquency and crime.

A study of three separate groups of children, 100 to the group, from all types of Berkeley public schools, revealed some interesting and challenging results. One group was definitely delinquent, but this delinquency was checked or stopped to a marked degree by scientific treatment and home cooperation. The second group, with like problems, was allowed to go unchecked. Virtually all showed increasing and serious delinquency as the study progressed. The third group, with no apparent behavior problem, developed a high percentage of delinquency within three years. A fourth study of 116 Berkeley school delinquents showed the high figure of 92 per cent of the group developing into chronic criminals who had perpetrated everything from petty theft to homicide.

These studies and conclusions reached by our state university are most interesting. However, we note there is no mention made of the part the church is expected to play in the life of the young. It would seem that home, school and church all have a great responsibility in influencing children. We believe the proper start in the home means much to the future of the child—and that does not mean only talking and discipline, but also the proper example by parents. Why should parents expect their children to lead the right kind of life and become clean, honorable and upright men and women if they do not have the right kind of example in the home? There is no doubt about it: "Example speaks louder than words."

Safety Week Should Not Be Necessary

In a state and country like this it would seem unnecessary that a "Safety Week" should be held as a warning to people who drive automobiles. However, the alarming fact that 35,000 people are killed in the nation each year by automobiles emphasizes the fact that there is an astonishing amount of reckless driving—and the results are disastrous and harrowing in a great many instances.

It cannot be emphasized too strongly that reckless drivers, like habitual criminals, cannot always win. Newspapers throughout the country carry this evidence in their columns every day—in accounts of those who have lost their lives by speed, because of incompetence and to carelessness at the wheel. And many of those who drive fastest are going nowhere in particular and have nothing in particular to do when they get there.

Added to the causes of automobile accidents can be the thousands upon thousands of cars that are in a worn out stage. Still other thousands of automobiles are not kept in fit condition to drive—they need repairs or they are too antique to be worth repairing. These are a great menace not only to those who drive them, but also to other cars on the roads they travel.

It is almost inconceivable that many people who are sensible and show good judgment in practically every other way lose their heads and get reckless when they get behind the wheel of an automobile. That desire to go around every other car on the road seems to possess them—apparently the natural instinct for speed. Numbered among the 35,000 killed every years are the famous as well as the most obscure of our residents, the brilliant and the mediocre. Each death means misery and unhappiness to others—and it is by no means the rule that the persons killed were at fault. Reckless driving is an unbeatable game. Such drivers may get by without accident or with no disastrous results for a time, but the inevitable will finally result—he will be killed or he will kill somebody else.

The Upland 20-30 club is sponsoring "Safety Week." They are calling attention to the terrible results of reckless driving by having speakers appear before various organizations. Proper adjustment of headlights and brakes is being impressed upon drivers of cars—and the proper mechanical condition of the automobile.

It is a lamentable fact that such a thing as "Safety Week" should be necessary in a country like ours—but it is.

A survey of business magazines shows that industry is displaying greater confidence and activity than it was a year ago—and two or three years ago. There are exceptions to this rule, consisting principally of businesses that have feared legislative attack. Now there should be greater confidence on their part since the ruling on the NRA. A drive on the part of railroads throughout the country to regain their lost passenger traffic is decidedly evident and they are getting results. Lower rates, better service, air conditioned cars are some of the high spots of the drive. The NRA ruling has put new confidence into the utilities—and it seems that as in past depressions the automobile industry is leading the country back to prosperity.

Rich Counties Want Help

Orange Daily News: The hunger of the big counties for consolidation is not difficult to understand The inside tax rate of Orange county for 1934 was 92 cents per $100 valuation. That of San Francisco county was $3.86 per $100 valuation. It is quite clear that the big counties need more taxpayers to help carry the load.

The tax rate is the measure of county economy, and the tax rate shows whether there is economy in the big county unit or the small one,

The question of sound business management determines the cost to the taxpayer. The county of San Francisco, with property valuation of only five times that of Orange county, has a total debt 160 times larger than that of Orange county. What kind of business management is it that pyramids the public debt out of all relation to the taxable values of a county? Yet these are the official figures:

San Francisco county: assessed valuation, $737,000,000; public debt, $163,000,000. Orange county: assessed valuation, $125,000,000; public debt, $1,300,000.

County consolidation is urged as an economy measure. The city politicians must think that the country voters are crazier than the assembly.

Going Ahead Regardless

Covina Argus: Unincorporated territory in Los Angeles county has gained over 15 per cent in population since 1930. The city of Los Angeles has gained eight per cent. The incorporated cities excepting Los Angeles city have gained nine per cent.

Huge and almost terrifying as are the relief rolls in this county, it is nevertheless a fact that Los Angeles county is still prospering and growing. The number out of work and dependent is shocking, and gets much publicity. But the overwhelming number that are working and producing are carrying this county steadily ahead, despite the relief loads.

When you find your newspapers filled with accounts of murders and other crimes, it is an indication that these are exceptional, else they would not be mentioned. And when we harp and dwell upon unemployment it is because it is news, and exceptional. But we shouldn't get the idea that everyone is in a murderous mood because there are murders, or that everyone is on the brink of starvation because there are those who cannot find work.

Welcome Home!

Tustin News: With the stopping of their pay checks, Sacramento solons may soon be expected home—and how the long-suffering taxpaying public will welcome their departure, if not their arrival!

But, after all, the legislature has not done such a bad job. Raising money is not a pleasant task, whether it be for a church subscription, a community chest or to carry on a state government. The big job before the legislature was to devise ways and means for financing the state for the next two years and it brought forth a tax program that is not nearly as bad as it might have been.

While bond issues would have been less painful for the time being, the pay-as-you-go program adopted will not leave us with a swollen jaw—and that's sump'in.

Curbing Radio Blah

Beverly Hills Citizen: That protests against excessive and misleading radio advertising are taking effect has been shown by the action of the two great national broadcasting chains. CBS has announced that the proportion of time devoted to advertising will be curtailed to 10 per cent in the evening and 15 per cent during the day, and it appears that NBC will take similar action. The former chain, moreover, is accepting no advertisements for laxatives and other medical products that have met with listeners' protests.

Light Crops Pay Best

Yucaipa News: The fruit grower needs better prices more than he needs bumper production. In spite of the jokes about the AAA paying farmers for not raising crops, it is a historical fact that light crops are worth more to the farmers than bumper crops. And the farmer knew that long before the AAA was ever heard of.

COVER THOSE THIN AND BALD SPOTS WITH NEW HAIR

If your hair is getting thin, if you are already bald in spots, try the professional treatment known throughout the world as the Harper Method. This method, famous for results, is now available for home treatment. Just ask your druggist for a tube of Harper Hair Ointment—it's inexpensive—and use as directed. If your hair roots are not entirely dead, you have an excellent chance of saving the hair you now have and growing new hair on the thin and bald spots. Remember the name—Harper Hair Ointment—a tube costs but 55c (Large Size 85c).

Harpers Hair Ointment is especially recommended for dry scalp.

Red Hill Estates Leads in New Home Construction Here

The Red Hill Estates, adjoining the Red Hill Country club, has attracted more real interest and activity during the past 12 months than at any time since its inception. Some 85 lots had been sold in the tract, mostly to local people who planned to build their new homes there, but owing to economic conditions building operations had come to a standstill.

About 12 months ago the interest in new homes began to revive and during that period nearly $30,000 has been spent in new construction. The first was the beautiful bungalow of Mr. and Mrs. Harry Cavers, to be followed by a two story Spanish home built by Martin Derfer and sold to Mr. and Mrs. B. Castalini of Livingston, Mont. Mr. Derfer has been a resident of Red Hill Estates for over four years.

This was followed by the beautiful two story Spanish home of Mr. and Mrs. E. G. Luke of Ontario. There are now under construction two more homes for Mr. and Mrs. A. B. Van Fleet of Cucamonga and Mr. and Mrs. Paul Adams of Cucamonga. It is expected that these latter two homes will be ready for occupancy in about 30 days.

E. E. Rust, architect, who has recently established a branch office here, at the office of the Red Hill Estates on Foothill Blvd., is preparing plans for five new homes to be built in the near future at a total cost of about $40,000. Besides furnishing complete architectual service, Mr. Rust will assist in arranging the financing if required.

The Red Hill Estates had the distinction of receiving the first loan for new construction granted in this district under the new Federal Housing act.

The Southern California Gas Co. is now making arrangements to install pipe lines to the Red Hill Estates from Foothill Blvd. This will provide the tract with all the utilities.—Adv. 14-1

CHAFFEY GETTING NEW BUILDINGS AT ONE-HALF OF COST

Principal Ernest Fischer Tells Lions of Pay-As-You-Go Plan on Campus

Chaffey school district is getting new buildings at a bargain price. The structures now being erected have been badly needed. The federal government will pay men to build them—if the school district will provide the materials.

These facts were emphasized at the meeting of the Upland Lions club in the Red Hill Country club house at noon yesterday by Principal Ernest W. Fischer, who told of the pay-as-you-go plan and of the need for the new buildings. He was presented as a speaker on "safety" and after stressing the need for safe driving by motorists, he told of the need for safe buildings.

Nearing completion is the new girls' gymnasium at a cost of more than $100,000. Of this sum the government provided approximately $60,000. The structure will give to the campus an ample building that will serve students for 50 years.

When the new Liberal Arts building is completed within a year, it will be finished free of debt. The new junior college building, finished several years ago, was paid for at the time of its completion. In this regard, Mr. Fischer pointed out that the old Liberal Arts building, recently razed, was constructed with money obtained by long-time bonds—and some of the bonds are still to be paid.

The speaker explained that he had no part in the preparation of the Chaffey budget or in the administration of the finances. In observing the budget handling, Mr. Fischer highly complimented the Chaffey board.

To make possible the building program it is necessary for the district to increase the budget $24,000.

The club was favored with having two speakers on its program. Dr. Ralph D. Ryan, local optometrist, said that 70 per cent of the people have defective vision. Lack of attention when the defect first appears, injuries and too great a burden on eyes were the major reasons given for the troubles.

Ernest Olson, vice-president, was in charge of the meeting due to President Clyde DuVall being at the district Lions convention in San Diego. Several other club members were also at the convention.

Theaters, Programs For Week In Valley Given Review Here

Highly Recommended Films Billed for Upland—

"Ideal family entertainment," is the proper term for the program at the Upland theatre today and tomorrow. "Little Men" was made from Louisa Alcott's wholesome best seller, and stars Junior Durkin and Dickie Moore. "Car 99," the other feature, is a modern story of the Michigan state radio police, with Sir Guy Standing and Fred Mac Murray in the leading roles.

So timely that it might be a newspaper headline, "G-Men," starting Sunday, is entertainment you should not miss. While the picture presents no names of the public enemies nor emphasizes any time or place of the actual battles, few will miss the connections or locations. The all-star cast is headed by James Cagney, with Margaret Lindsay in the leading feminine role.

"Enter Madame," on the same program, starring Elissa Landi and Cary Grant, is a light comedy-drama of the domestic troubles of a famous opera singer.

Bill at California Is Praised—

"Go Into Your Dance" and "Four Hours to Kill" will be the major features on the film bill at the California theatre tonight and tomorrow, with "Les Miserables" to open there for a three-day run on Sunday.

This program is acclaimed by Manager Jack Anderson as one of the best offered film goers. The Sunday, Monday, Tuesday bill, especially, is highly recommended by the theatre head.

Among the coming attractions are "Going to Town," with Mae West, on June 27, 28 and 29, and "Under the Pampas Moon," June 30 and July 1 and 2.

"No More Ladies" Starts At Fox Pomona Sunday

Joan Crawford and Robert Montgomery are seen together again in what may be termed a "perfect comedy with a perfect cast," entitled "No More Ladies," and which opens a five day engagement at the Fox Pomona theatre starting Sunday. This team has never failed to bring to the motion picture audiences the best in comedy drama. and "No More Ladies" is one of their best not only in comedy, drama, setting and superb direction, but also in being supported by such an outstanding cast of favorite film comedians as Charlie Ruggles, Franchot Tone, Edna May Oliver and Reginald Denny.

Joan has one of the most alluring parts of her screen career as Bob Montgomery's wife. The situations that arise from their blissful wedded life go to make "No More Ladies" the funniest comedy of the season.

The "preview" feature with this program is "Black Sheep," featuring Edmund Lowe, Tom Brown, Claire Trevor and Eugene Pallette. It will be shown all shows Sunday and once each week night during the "No More Ladies" engagement.

Midnight preview Saturday night of "Dinky", featuring Jackie Cooper and Mary Astor in conjunction with the final showing of "Black Fury," featuring Paul Muni.

FIREWORKS EVENT NEEDS MORE MONEY

Additional Contributions by Monday Night Will Assure Celebration

This community is almost certain of having a very beautiful and colorful fireworks display July 4—if a few more dollars are contributed to the fund. Donations are being received at the office of the Upland chamber of commerce.

Chairman Leigh Thompson of the special fireworks committee predicted that if public spirited citizens will unite in giving to the fund by next Monday night, definite arrangements can be made for the display on Red Hill.

Thousands of West End residents and others will be attracted by the display. Having a public celebration, such as this would be, would be more safe than each family having fireworks. It would be also less expensive, it is pointed out. The community fund would also provide gorgeous and colorful fireworks.

If the celebration is to be held, it is imperative that an order be placed for the fireworks immediately. Monday night has been set as the deadline for placing the order. If contributions by then are sufficient, the display on Red Hill will be assured.

Data on Bond Aids In Kidnaping Case

An interesting side-light on a recent kidnaping case was recently commented upon by Fred E. Draper, local insurance agent, who obtained the information directly from its original source.

It seems that when T. H. Robinson, Jr., alleged kidnaper of Mrs. Stoll, obtained employment as a service station attendant for the Stoll Oil Refining Company he was required to furnish the customary bond and his application was filed with the general agent of the Aetna Casualty and Surety Company at Louisville.

Upon thorough investigation of Robinson's past record, the Aetna refused to issue the bond. In the meantime Robinson quit the job of his own volition and the case was considered closed. Nevertheless, the application and all pertinent data was kept on file in the Aetna's Louisville office for future reference, if need be.

On the morning following the recent kidnaping of Mrs. Stoll, Department of Justice agents, suspecting Robinson as the guilty party, phoned the Aetna asking for data on the man. The file was immediately placed at the disposal of the Federal agents. A comparison of the handwriting on the application and the ransom note verified the suspicions and the data file aided in checking Robinson's past career.

Pupils and Teacher Visit Los Angeles

Mrs. H. J. Clewett accompanied three pupils of her class in the Bethany Union vacation Bible school, to Los Anfieles Tuesday on an educational expedition that was also a pleasure trip. Visits were made to the zoological gardens, Exposition park, and the Los Angeles library.

During the day they also visited with Mrs. Clewett's daughter, Mrs. Sawney B. Webb.

In the group were Tommy McLellan, Jack Hamilton, Dale Ranz, Mrs. Clewett and her son, Raymond Clewett.

Claremont College Announces Numbers For Artist Course

Including for the first time an evening of opera, Claremont Colleges artist course announces its new series for the season 1935-36 as follows:

Gladys Swarthout, mezzo soprano, Metropolitan Opera company; Moscow Cathedral Choir from Paris, in its first American tour; Los Angeles Philharmonic orchestra, Dr. Otto Klemperer conductor; San Carlo Opera company, probably in "Madame Butterfly"; Albert Spalding, noted American violinist, and Nino Martini, famous Italian tenor, Metropolitan Opera company. Should it develop that Gladys Swarthout's moving picture contract will prevent her appearance in concert, arrangements have been made to present Elisabeth Rethberg, soprano of the Metropolitan Opera company. Either artist assures an outstanding concert at the opening of the season.

More detailed announcement concerning the series will be made in a few days. Reservations should be made as soon as possible, and season ticket locations of last year will be held for a reasonable period. New subscribers will be given locations in the order in which the reservations are received.

The committee on auditorium events believes that no stronger or more diversified course has ever been offered, including as it does three outstanding ensembles and three of the world's foremost solo artists. There will be no advance in season ticket prices.

Townsend Club Is To Join in Picnic And Two-Day Rally

Joining in the traffic safety campaign being sponsored by the Upland Safety council, members of the Upland Townsend club heard a short talk on the causes of increasing traffic accidents when they met in regular session Tuesday evening in the junior high school auditorium, the speaker being Don E. Vowles of Upland.

Mr. Vowles pointed out the most common causes of traffic accidents and gave figures showing the alarming increase in such accidents. From his personal experience gained on many ambulance calls, particularly at night, Mr. Vowles attributed much of the steady increase in traffic accidents to the use of alcoholic liquor by the drivers.

The entertainment feature of the program was presented by Mrs. Ralph H. Marr, who regaled her audience with two very humorous readings which were received with hearty applause.

Mrs. Chas. E. Allen, president, conducted the business session, druing which reports were made and ways and means plans were approved.

Tentative plans were made for a district picnic to be held in the Ontario Fourth street park on Sunday, June 30, under the sponsorship of the Upland and Ontario clubs.

Announcement was made of the big Southern California rally of Townsend clubs to be held in the Los Angeles county fair grounds at Pomona on Saturday and Sunday, June 22 and 23, when clubs from Santa Barbara to San Diego will be represented. Gov. Frank Merriam will be one of the several prominent speakers. Church service for those attending from a distance will be held Sunday morning.

Little David listened with deep interest to the story of the prodigal son. At the end of it he burst into tears.

"Why, what's the matter?" his mother asked.

"I'm so sorry for that poor little calf," sobbed David. "He didn't do nothin'."

G. T. Club Plans for Picnic and Enjoys Luncheon Party

Husbands of the members of the G. T. club have a treat in store for them, according to plans made during a party held by the club Tuesday when Mrs. C. O. Deverts was hostess at her home, 719 Second avenue. On Tuesday evening, July 16, a special picnic will be held in Ganesha park with the men folk as special guests.

For the party Tuesday Mrs. Deverts served a tempting luncheon and a social afternoon was enjoyed, the guests chatting over their needle work and making plans for the picnic.

Attending the party were Mrs. N. I. Hamer and her daughter, Mrs. Ethel Sorenson and small daughter, and Mrs. B. H. Spicer, from Pomona; Mrs. Isabelle Wisely, Mrs. Edw. G. Lutz, Mrs. J. F. Hamilton, Mrs. Chas. E. Allen, Mrs. W. H. Spicer, Mrs. W. H. Tuttle, Mrs. C. D. Rea and Mrs. Deverts.

Mrs. Laundy Hostess To Uplario Club In Pomona

As a courtesy to members of the Uplario club, of which she formerly was a member, Mrs. R. M. Laundy, sister of Mrs. H. C. Van Dusen, entertained Wednesday at her home, 640 West Third street, Pomona.

Bowls of lovely roses were used in the house decorations and on the attractively appointed table at which a contributed dish luncheon was served.

A social afternoon was enjoyed and Mrs. Laundy provided much amusement for her guests with a Chinese fortune telling trick.

The club members attending the party were Mrs. H. C. Van Dusen, Mrs. L. E. Merrill, Mrs. A. N. Baker, Mrs. Charles Bingle, Mrs. C. O. Deverts, Mrs. J. L. Miner, Mrs. C. K. Francisco, Mrs. Loring N. Kirk, and Mrs. Isa Deems, and other guests of Mrs. Laundy were her girlhood school friend, Mrs. Mabel Aiman of Manhattan, Kan., and Mrs. Huddleston of Claremont.

Solano Club Members Enjoy Luncheon at L. E. Moser Home

Members of the Solano club enjoyed a very pleasant luncheon party Wednesday when Mrs. L. E. Moser was hostess at her home, 535 West Twenty-first street. Mixed garden flowers lent their color and fragrance to the rooms and graced the table at which a tempting luncheon was served.

Informality marked the afternoon hours as the guests discussed various interesting topics, including the early departure of Mrs. Minnie D. Goodrich for Honolulu, and Mrs. Goodrich was presented with a lovely travel gift.

The club will meet again on July 17 with Mrs. Oscar Gaither at her home in Lytle Creek canyon.

Mrs. Moser's guests were Mrs. W. T. Schaffner, Mrs. Minnie D. Goodrich, Mrs. Kittie Toerpe, Mrs. D. D. Lambert, Mrs. Elizabeth Rodgers, Mrs. P. J. Moser, Mrs. William Littlewood, Mrs. Mary Eastlack, Mrs. Oscar Gaither, Mrs. Charles Dinger, Mrs. Frank C. Buffington, Mrs. Etta Johnston, the club members, and three visitors, Mrs. Roscoe Sales, Mrs. Jennie Farnsworth and Miss Ruby Moser.

Mrs. Avery Allen Is New Pan-Hellenic President

Succeeding Mrs. Donald S. Gidley, president during the past year, Mrs. Avery S. Allen of Upland was elected president of Pan-Hellenic society at the annual meeting held Thursday at the home of Mrs. Earl M. Hill, 123 Bonita court, Ontario.

Other officers elected were Mrs. Willard Baier, vice-president; Mrs. Richard Mogle, secretary; Mrs. Richard Hyde, treasurer, and Miss Lucille Todd, custodian.

Other routine business was transacted during the business session conducted by Mrs. Gidley and the remainder of the afternoon was spent socially with summer refreshments being served by the hostesses. Mrs. Hill was assisted in entertaining by Mrs. A. M. deBerard, Mrs. C. C. Peabody, Mrs. C. V. Svoboda and Mrs. Paul R. Daggs.

Smith-Stone Wedding In Upland Church Lovely Event

The Upland Church of the Nazarene was the scene of an impressive wedding Thursday evening when in the presence of relatives and many friends Miss Violet L. Smith, daughter of Mr. and Mrs. Lenard Smith of 869 West Ninth street, became the lovely bride of J. Cosby Stone of Pasadena, son of Mrs. Lottie Stone, 1440 Elizabeth street, Pasadena.

The church was beautifully decorated for the occasion, the color note of green and white being favored. Against a background of palms and potted ferns a lattaced arch entwined with maidenhair fern and white sweet peas and banked with baskets of gladioli and other choice blossoms, formed the marriage altar, while the soft illumination from five stately white candles in tall standards increased the beauty of the setting.

The pre-ceremony music included three beautiful songs, Weldon H. Stone of Pasadena singing "I Love You Truly"; Harold Merchant of Upland singing "A Dream" and Joseph L. Ransom of Pasadena concluding with "At Dawning."

Mrs. Dwight Decker of Ontario was pianist and promptly at 8 o'clock she announced the entrance of the bridal party with the appealing strains of the "Bridal Chorus" from "Lohengrin."

Escorted by her father who gave her in marriage, the bride was charming in a gown of white satin and old Spanish lace fashioned with high yoke and long train, seen through the mist of a long tulle veil falling from a head piece formed of seven rows of orange blossoms. She carried a shower bouquet of gardenias and bouvaria.

As maid of honor, Miss Allie Mae Smith, sister of the bride, wore a yellow organdy gown, made floor length, and carried sweet peas and yellow roses.

The bridesmaids, all of Upland, were Miss Ida Nell Gunstream and Miss Doris Ferris, both wearing frocks of turquoise green organdy and carrying pink sweet peas; and Miss Gwendolyn Merchant and Miss Neva Benson, each wearing peach colored organdy and carrying orchid sweet peas.

The bridegroom was attended by his brother, Weldon H. Stone, as best man, and the ushers were Clayton Clark of Los Angeles, Uri Chandler of Pasadena, Arlo Thompson of Ontario and Roy Liles of Upland.

The bride's path was strewn with roses by two cunning little flower girls, both cousins of the bride, they being Peggy McCannon of Whittier, wearing blue organdy, and Elva Smith of Upland in pink organdy. The ring bearer was John Howard Smith, brother of the bride, and Celia Thompson carried the bride's veil.

The marriage service was read by the Rev. John P. Mandtler, pastor of the church.

For the recessional Mrs. Decker played Mendelssohn's "Wedding March."

Following the wedding 130 guests gathered at the Upland Woman's club house where a reception was held. The club house was beautifully decorated for the occasion and a wedding collation was served, the handsome five tier wedding cake being cut by the bride.

The bride's mother, who served as hostess, wore a lovely gown of light blue silk crepe.

Mr. and Mrs. Stone left immediately for a motor trip to northern California.

The bride is a graduate of both Chaffey high school and junior college and has many friends in Upland and throughout the West End. Mr. Stone is a graduate of Pasadena college and is a member of Sigma Rho fraternity.

Upon their return from their honeymoon Mr. and Mrs. Stone will make their home in Altadena.

P. E. O. Chapter Holds Evening Picnic as Final Session

For the final session before the summer vacation, members of chapter DV, P. E. O., gathered Monday evening at the home of Mr. and Mrs. Earl E. Hawthorne on West Eighth street and entertained their husbands at a picnic and informal party.

The patio in the rear garden of the Hawthorne home provided a lovely setting for the party and the outdoor fireplace and other picnic facilities added to the pleasure of the supper hour.

A brief business session was conducted by the chapter president, Mrs. Ralph M. Myers, and the remainder of the evening was spent socially, the usual study hour being dispensed with.

Attending the party were Mr. and Mrs. Ralph M. Myers, Mr. and Mrs. W. H. Andrews, Mrs. Mary Eckerman, Mr. and Mrs. G. E. McQuatters, Mr. and Mrs. H. I. Squire, Mr. and Mrs. V. H. Wilson, Mrs. Lillian Fagan, Mr. and Mrs. F. W. Jones, Mr. and Mrs. W. W. Majors, E. G. Chaffey, and two guests, Dr. and Mrs. Chas. B. Taylor of San Antonio Heights.

Bridge Luncheon at Country Club Is Last of Season

The final bridge luncheon for the summer season at Red Hill Country club was made a delightful event Tuesday, with a number of hostesses entertaining.

Mrs. E. C. Rosenberger and Mrs. Ray C. Norton were hostesses for the afternoon and they arranged very attractive decorations of white lilies and greenery for the club rooms, while gay bouquets of colored blossoms adorned the tables at which the luncheon was served. Bridge playing occupied the guests during the afternoon.

Among the hostesses were Mrs. Leonard B. Fowler, whose guests were Mrs. Kendall Morgan, Mrs. Earl M. Hill, Mrs. Welles T. Ross, Mrs. Alice Larson, Mrs. John T. Maffett, Mrs. Harry O. Chapman, Mrs. Lawrence M. Blackmer, Miss Daisy Latimer, Mrs. Harold Latimer, Mrs. Harry B. Harlow, Mrs. Sanford Ballow, and Mrs. Frank M. Taylor.

Mrs. Paul W. Nichols was hostess to Mrs. Harlow S. Wilson. Mrs. Walter V. Combs and Mrs. Stearns Ingalls.

Guests of Mrs. E. C. Rosenbberger were Mrs. Elmer Mathews, Mrs. O. A. Thompson and Mrs. Earl H. Johnson.

Mrs. R. C. Norton entertained Mrs. George S. Foster, Mrs. Earl C. Thomas and Mrs. Blanche Loch.

At the table at which Mrs. Ralph S. Hayslip was hostess were Mrs. J. F. Sawyer, Mrs. Paul Daggs, and Mrs. Sam B. Rowe.

Mrs. B. L. Bergstrom was hostess to Mrs. W. H. Craig, Jr., Mrs. John B. Craig, Mrs. Cless D. Grier, Mrs. Leigh Thompson, Mrs. Robert Reese, Mrs. Mildred Puckett, Mrs. D. R. Foss, Mrs. Frank K. Nichols, Mrs. David Seares, Mrs. Clyde S. Duncan, and Mrs. Emmett Quinn.

One table was occupied by Mrs. E. O. Bowden, Mrs. H. M. Guy, Mrs. Harry P. Brown and Mrs. Clyde Whiteley z

BURWELL ELECTED NEW 20-30 LEADER

Election Held and Addresses On Safety Given at Meeting Tuesday

Election of Lawrence Burwell as president, Rollin Lemon as vice-president and Virgil Rogers as sergeant-at-arms, and addresses on safe driving featured the meeting of the Upland 20-30 club in the Upland Inn Tuesday night.

Captain Jay Boone of the San Bernardino county division of the state highway patrol pointed out that accidents are the result of too much speed, with the number of crashes being on an increase over last year. He pointed out that the department is insisting on improvements on certain highways. He also discussed traffic laws that he deemed inadvisable. Captain Boone was accompanied by Louis Kronmeyer, Upland representative on the highway forces.

Earl E. Marsh, president of the West End Safety club, discussed interesting facts on safety problems.

New officers will be installed July 3 in the Padua Hills theatre. Position of secretary, now held by Howard McCauley, is appointive. President Ray Hobbs, who was in charge Tuesday night, discussed the club's activity during the 20-30 safety week.

Upland Will Send Large Delegation to C. E. Convention

The Christian Endeavor societies of three Upland churches will be well represented at the state C. E. convention to be held in Fullerton beginning Saturday, June 22, and continuing through Tuesday, June 25.

A complete list of those attending has not been announced, but a number have indicated their intention to attend part or all of the sessions.

Among those from the Mennonite church will be Miss Helen Lichti, vice-president of the Southeastern region, who will lead several group conferences; Miss Martha Lichti, Miss Helen Thiessen and David Dahlen, the latter three planning to attend part time.

Bethany Union C. E. society of San Antonio Heights will send the Misses Sada Nagasaki, Lucille LaRue, Maxine Ranz, Miriam Millard, Bernice, Lily and Pansy Warner, Eileen Kendall, and Mrs. H. J. Clewett, who will remain throughout the convention; and Miss Lillian Clewett and Marjorie Millard, who will attend part time. Practically all of the group expect to make the play-day Santa Fe excursion trip to San Diego exposition on Wednesday, June 26.

Scheduled to attend from the Presbyterian church are Miss Ruth Ward and Miss Lucy Siegrist, who will remain during the entire convention; the Misses Julia and Katherine Fischer, Harry Fuller, and perhaps others.

The play-day is to follow the regular convention and several of the Presbyterian and Mennonite representatives may join those of Bethany Union in the trip to San Diego. Shorter trips to near-by beaches will be arranged for those who do not go to the exposition.

Activities at Washington Reviewed

(By Special Correspondent)

With the approval by the President of the low-cost projects program advocated by Administrator Hopkins for the spending of the four billion dollar relief fund, it has become apparent that Hopkins will virtually dictate, for the time being at least, the manner in which this vast fund is to be allotted. And with this ruling in favor of Hopkins' program has arisen a certain amount of internal strife between Hopkins and Secretary Ickes as chairman of the allotment board, who has been advocating "socially useful" projects which would have a permanent value.

Hopkins maintains the primary objective at the present time is to give jobs to 3,500,000 men now on relief rolls. To achieve this goal with the four billion dollar fund, a simple process of arithmetic shows that the cost of projects per year per man employed, including overhead and materials, must not average more than $1,140; and hence the transforming of the works relief program into something closely resembling the old C. W. A.

Slum clearance, reclamation, grade crossing elimination, main highway construction and public building would cost $2,000 per man and over, and if the Hopkins program is carried out must go by the board. Many who have been disappointed by the abandonment of their projects in favor of low-cost activities refer to the present plan as a "leaf-raking" program which in effect offers little more than a dole to those now on relief. At the same time no provision is made for the re-employment of a new army of unemployed which will be created with the completion of projects now under construction, as these men would be ineligible for work relief jobs in the new set-up under Roosevelt's order that only persons on relief rolls in May will be given employment.

In commenting upon the cheap-projects program, Congressman Sam L. Collins of California called attention to the fact that this ruling will automatically prohibit the further consideration or approval of the most worthwhile projects in his district, including the Orange County Flood Control and Water Conservation project, the March Field chapel, which has been approved by the War Department and submitted to the Works Allotment board; National Guard armories, and all other substantial projects requiring even a minimum of steel, brick or other building materials.

Collins criticized this "glorified which would establish new and would result in no substantial or lasting public works of a nature which would establish new and permanent jobs for many in their maintenance and upkeep, but instead would leave the country with nothing to show for the work done but the tremendous public debt which has been created.

* * * *

State's rights received a body blow when the Governors conference held last week down in Mississippi was officially informed that the new works program would be operated through machinery entirely controlled by the Federal government without any legal participation by the governors. While this is a case where "states rights" might be theoretically correct and sound, the theory falls down when it comes to the matter of cash, which the Federal government will supply.

In hopes of further encouraging private capital to come in and materially augment the four billion dollar fund, the government has restored a four per cent interest rate on P. W. A. loans. The rate was 3 per cent. Municipalities now may borrow from sources other than the Federal government to finance their P. W. A. projects, and still receive outright grants up to 45 per cent of the cost from the government.

* * * *

The administration has begun to pick up the loose strands of its legislative program, torn apart for the time being by the NRA decision. The President made it clear last week that he wanted the holding company bill passed by the House just as it was by the Senate, the social security program, and other important legislation which has been on the "must" program all this session. The list of unfinished business still includes TVA extension, now deadlocked in the House Military Affairs committee, ship subsidy legislation, nuisance tax extension and extension in some form of the Federal Petroleum Administration and Federal Alcohol Control Administration, both invalidated by the Supreme Court decision.

Perhaps of major importance along this line is the Administration's attempt to revamp the Agricultural Adjustment Act to keep it within constitutional confines. The redraft leaves essentially unchanged the processing tax and benefit payments to the growers of basic agricultural commodities.

Dr., Mrs. Foster Back After Vacation Visit

Dr. and Mrs. Bert Foster returned the first of the week from their vacation of several weeks and Dr. Foster will conduct services at St. Mark's Sunday.

While away they had the pleasure of seeing their son, Capt. Ethelbert Foster, receive the bronze medal from the governor for ten years of service in the commissary department of the California National Guard. Captain Foster is chief accounting officer in the office of Ray L. Riley, controller of the currency, a very responsible and exacting position.

They visited a sister of Mrs. Foster Mrs. Isaac Dawson of Oakland, and Dr. Foster preached in the pulpit of an old time friend at Placerville one Sunday.

NEW TENNIS COURT BEING COMPLETED

Third Avenue Recreational Center Will Serve Many This Summer

Upland's new tennis court is being completed. Also being completed are other playground features at the recreational center on Third avenue. The other features include a fireplace, swings, merry-go-round and various courts.

A fence to fully enclose the tennis court will be placed by tomorrow night and the first tennis match on the court will be played perhaps tomorrow afternoon, according to Avery S. Allen, Upland chamber of commerce secretary.

The recreational center has already served hundreds of Upland youths and adults. With completion of other features at the grounds, the SERA sponsored project is expected to attract many throughout the summer.

The activities are always supervised.

Conference To Take Methodists to Long Beach During Week

Next week will be "conference week" for the Upland Methodist and other Methodist churches in Southern California, with several from here planning to be in attendance. The sessions will be held in Long Beach. Ernest H. Gibson is the delegate from the Upland church. He is also president of the Men's Brotherhood for the Pasadena district and he will be one of the speakers at the conference session Monday afternoon.

Besides the minister, Dr. Irvin A. Engle, among the others planning to attend are W. F. Naftel, Wiley W. Mather and John Engle.

Kelvinators Winning Many Friends Due to Economy and Features

Kelvinators are better than ever.

More people than ever are interested in owning an electric refrigerator.

These were the reasons given today by J. H. Siegrist, local Kelvinator dealer, for the steady increase in the sale of the refrigerators. He predicted that many persons will purchase Kelvinators during the summer.

Low cost of operation, convenience, unusual features, and opportunities for housewives to save food are recognized as advantages for Kelvinator ownership, Mr. Siegrist said. Kelvinators give such splendid satisfaction that owners of this type of refrigerators are reported to be responsible for many sales.

"We deeply appreciate the cooperation given us by Kelvinator owners," Mr. Siegrist said. "Naturally when a woman is very pleased with a purchase she tells other women and in this way the reputation of Kelvinators is spread. The fact that Kelvinator owners are always enthusiastic about their appliances is gratifying to us."

Mr. Siegrist pointed out that many women buy enough vegetables and meats at the special Saturday prices to last for a week. This plan, he said, enables a great saving in food cost.

"We have been told by some that a Kelvinator easily pays for itself in this manner," the dealer explained. "In addition to the savings there are many other advantages—and especially during these hot days people appreciate having ice cream and other frozen deserts always on hand."

SECOND PLACE IS CLINCHED BY TEAM

Olson's Defeat Armstrong's 5 to 1 as Voth and Batters Do Stuff

Olson's Bread Co. team will be better fortified with Dave Meek in their line-up, but apparently the star twirler isn't needed for Jake Voth, the veteran, is doing very, very nicely. Voth's latest triumph was over Armstrong's, 5 to 1, Tuesday night.

That is, Voth was the pitcher, but it was the steady playing and timely hitting on the part of his team that were important factors in the game. Lou Patton poled out a couple of doubles to count for scores, Walker, the first sacker, also connected at the right time to score a runner. During the fourth, fifth, sixth and seventh innings, Olson's scored to clinch the game. Armstrong's scored the lone tally in the second frame. This victory gave Olson's second place, with Hotpoint being in the lead.

Voth fanned eight batters.

Notes of Society

Cafeteria Luncheon Is Served by Silver Link Circle

Meeting in all-day session, members of Silver Link circle of the Rebekah lodge were guests Wednesday of Mrs. H. J. Walker at her home on East Ninth street.

At the noon hour a contributed dish cafeteria luncheon was enjoyed and later a short business session was held. Since an interesting project started by Mrs. Ira V. Roth was to be completed, she was called upon by the president, Mrs. Louis Kronmeyer, to preside during the meeting. The remainder of the afternoon was spent socially.

Co-hostesses with Mrs. Walker were Mrs. Harry Sargent and Mrs. Amos C. Burkholder.

Several men came in for the luncheon and those attending during the day were Mr. and Mrs. Louis Kronmeyer, Mr. and Mrs. Kenneth Luke, Mr. and Mrs. Hiram Waterman, Mrs. Ira V. Roth, Mrs. C. N. Drake, Mrs. Toby Liles, Mrs. Harry Evans, Mrs. J. W. Bryden, Mrs. Hugh Lamphear, Mrs. John Swoap, Mrs. H. B. Anderson and the hostesses, Mrs. Walker, Mrs. Sargent and Mrs. Burkholder.

New Members of Red Hill Club To Be Guests at Tea

To welcome the new members of Red Hill Country club, an informal tea will be held Sunday afternoon at 4:30 at the club house and all members of the club are cordially invited to attend.

Mrs. Veeder South will be hostess for the afternoon.

FIRST CHRISTIAN
Ontario
Shirley R. Shaw, Minister

Shirley R. Shaw, minister, has received a call to the ministry of another church and on Sunday morning, at the 9:50 hour of church worship, he will announce to the local congregation his decision concerning the call.

"The First Emphasis of Our Church Life" will be the subject of Mr. Shaw's sermon on Sunday morning.

A unique custom of the local congregation, earlier hours of worship through the summer, making it possible for all who so desire to depart for the mountains or the sea in time for lunch, will begin this week with Sunday school at 9 o'clock and church worship at 9:50.

The summer schedule of Christian Endeavor also will begin this week. The various groups will meet together at the Shaw home for light refreshments at 6 o'clock, to be followed by a united Christian Endeavor quiet hour, closing in time for all to reach the united Sunday evening service of Ontario churches.

Graduate of Chaffey Is Bridegroom in Church Wedding

The First Methodist church in Hollywood was the setting for a lovely wedding Saturday afternoon at 4:30 when John Carlyle Sampson, former Chaffey student and resident of Upland for many years, claimed as his bride Miss Margaret Elizabeth Tappe, daughter of Mr. and Mrs. Ernest Tappe of Porterville. The bridegroom is the son of Mr. and Mrs. John I. Sampson of Campus avenue.

The church was beautifully decorated and the altar was banked with fernery and baskets of gladioli and baby's breath.

A 15 minute pre-nuptial organ recital was given by Gordon Hooker of the Los Angeles Bible Institute, and he also played the processional and the recessional, the "Bridal Chorus" from Lohengrin and "Mendelssohn's Wedding March." Miss May Evans sang "The Sweetest Story Ever Told" and "At Dawning."

The bride, escorted by her father, who gave her in marriage, was clad in a gown of white silk organza with long trailing veil. She carried a shower bouquet of gardenias and white sweet peas and fernery.

As matron of honor, Mrs. Carlyle Conner wore light blue organdy with matching hat and carried blue delphinium. The bridesmaids were Miss Virginia Flint, in pink organdy and carrying sweet peas, and Miss Doris Smith in pale yellow organdy, with orchid sweet peas. Both wore hats to harmonize with their frocks.

The bridegroom was attended by his brother, Loren A. Sampson of Upland, as best man, and the ushers were Loren Seaber and Harold Hendricks of Los Angeles, fraternity brothers of the bridegroom. Little Miss Peggy Larabee was flower girl.

The officiating minister was the Rev. J. A. Milligan of the Congregational church in Porterville. About 100 guests witnessed the wedding.

Following the ceremony a reception was held in the church parlor and a collation was served, the bride cutting the wedding cake and Mrs. Loren Sampson presiding at the coffee urn.

The bride is a graduate of the University of California at Los Angeles and is a member of Phi Kappa Sigma sorority. She taught school for two years in Porterville.

Mr. Sampson is a graduate of both Chaffey high school and junior college and of Woodbury business college in Los Angeles where he won membership in and became president of Woodbury chapter of Phi Gamma Kappa, national honorary scholastic fraternity. He also was director of the Woodbury orchestra

Mr. and Mrs. Sampson are on a wedding trip to Grand Canyon, Bryce Canyon and Zion National park. They will return by way of Boulder dam and will make their home in Pacific Palisades where Mr. Sampson holds a responsible position as accountant with the Jack Saures super service station and garage.

Attending the wedding from Upland were Mr. and Mrs. John I. Sampson and Mr. and Mrs. Loren Sampson.

Bridge Benefit Held By Local Legion Auxiliary

The benefit dessert bridge party sponsored by the American Legion Auxiliary and for which Mrs. Thos. E. Howarton was hostess at her home, 1695 Mountain avenue, Wednesday afternoon, was a gratifying financial success and a merry social event.

The tempting summer dessert course was served at 1:30 by the hostess, assisted by her sister, Mrs. E. Earl Marsh, and the afternoon was spent about the bridge tables, an animated tourney being enjoyed.

Mrs. Jesse Monroe made high score, winning first prize, and Mrs. Clair E. Kirk was awarded the consolation prize.

The fund raised by the benefit party will go to the treasury of the local unit to be used in welfare work.

Guests Entertained At Luncheon

Providing a happy afternoon for a group of her friends, Mrs. Clyde Whiteley was hostess Thursday to members of her bridge club at her home, 286 Laurel avenue.

A delightful luncheon was served at the noon hour and colorful garden flowers were used to adorn the table and the rooms.

During the afternoon bridge was played with Mrs. Harry W. Flowers making high score.

Mrs. Whiteley's mother, Mrs. V. D. Johnson of Orange, was present as was another guest, Mrs. Earl Maurer of Barstow, sister of Mrs. H. O. Blohm; and the club members attending were Mrs. R. C. Norton, Mrs. Harry P. Brown, Mrs. H. M. Guy, Mrs. J. F. Sawyer, Mrs. H. O. Blohm and Mrs. Harry W. Flowers.

Mrs. Kent Honored by Builders Class

Meeting in the San Antonio park last evening members of the Builders class of the Presbyterian church held a wiener roast and picnic supper.

During the evening a brief business session was conducted by the president, Frederick Maurer, and the social evening that followed was featured by a treasure hunt, Captain Kidd's secret being known to all the group with the exception of Mrs. Dorothy Hamilton Kent.

When all the clews had been followed, Mrs. Kent found the treasure, which was presented to her by the class as a bridal gift.

As the more serious although greatly enjoyed feature of the evening's program, Dr. R. C. Stone gave a most interesting talk on astronomy.

Attending the meeting were Dr. Stone, Mrs. Kent and her fiance, Bill Rogers of Pomona; Mr. and Mrs. Harold Snyder and guest; Mr. and Mrs. Harold Wilson, Mrs. H. S. Bailey, Mr. and Mrs. G. W. Cline, Mr. and Mrs. Ernest Bridenbaugh, the latter of Riverside; Mr. and Mrs. Fred Maurer, Mr. and Mrs. Paul McIntosh, little Jack Kent, Jimmie Snyder and Juanita and Bessie Belle Cline.

Business Women Plan District Meeting During Dinner

For their first meeting of the new club year, members of the executive board of the Upland Business and Professional Women's club were entertained at dinner Tuesday evening preceding the regular meeting held at the home of Mr. and Mrs. O. P. Whitney, 190 North Archibald avenue, Cucamonga, Mrs. Marvin Wangler, daughter of Mr. and Mrs. Whitney; Miss Isadore Miller and Miss Vivian McCarty, all members of the board last year, being hostesses.

Dinner was served at 6:45 in the flower garden in the rear of the home and a merry hour was enjoyed.

Later Mrs. Maude M. Linsley, who is beginning her second year as president of the club, conducted the business meeting, during which general plans for the year were discussed with much of the time being devoted to planning for the Southern District meeting to be held in Upland, probably in October.

Plans also were made for the July dinner meeting of the club when the board will entertain, probably at Fontana Farms Inn.

Announcement was made that the Southern District summer meeting will be held in San Diego on July 27 and 28, and it is expected a large group from the local club will go down.

Mrs. Linsley also told of receiving an invitation to the club members to attend a tea to be held from 4 to 6 o'clock Sunday afternoon at the home of Mrs. S. S. Howell, 311 West H street, Ontario, in honor of the new board of the Ontario Business and Professional Women's club, and a group of new members of the club.

Attending the dinner and meeting Tuesday evening were Mrs. Linsley, Mrs. J. R. Tuntland, Miss Nellie Randall, Mrs. S. Ella Miller, Miss Lois Kent, Miss Florence Armstrong, Mrs. Claude Davidson, Mrs. O. P. Whitney, Miss Isadore Miller, Miss Vivian McCarty and Mrs. Marvin Wangler.

Officers Are Installed By D. A. R. Chapter At Garden Party

The beautiful garden of Mrs. Amos R. Colborn, 732 Second avenue, was the setting for the reciprocity and guest day meeting of Los Serranos chapter, Daughters of the American Revolution, held Wednesday afternoon. Gaily striped marquee umbrellas and bright hued flowers enhanced the attractiveness of the background of greenery.

Among the sixty guests present were regents and visitors from chapters in Pomona, Claremont, San Antonio, San Bernardino, Redlands, the two chapters in Riverside; also three state officers, Mrs. Fred Duffy of San Bernardino, organizing secretary; Mrs. Frederick G. Johnson of Redlands, treasurer, and Mrs. Leslie A. Ferris, state program chairman and chairman of standing committees.

The meeting was opened by the first vice-regent, Mrs. Amos R. Colborn, who led in the salute to the flag. Mrs. Charles C. Houghton, chaplain, read the poem prayer of Leonard Swaler.

In a beautifully impressive ceremony, in which she admonished both officers and other members to hold fast to their faith, loyalty and patriotism, Mrs. Duffy installed the recently elected officers, Mrs. Colborn, as regent, succeeding Mrs. W. Clark Roloff. Other officers seated were Mrs. J. I. Countryman, first vice-regent; Miss Ethel Leeke, second vice-regent; Mrs. Charles C. Houghton, chaplain; Mrs. Guy F. Underwood, recording secretary; Mrs. Miles Harnly, corresponding secretary; Mrs. William A. Marten, treasurer; Mrs. Chas. A. Mayo, registrar, and Miss Tessie L. Bennett, historian.

As guest speaker, C. Burton Thrall, county superintendent of schools, commended the D. A. R. for their promotion of good citizenship, and declared that proper education is the foundation of good citizenship. He told of the policies and problems of his office, which must administer the schools in an area of 20,000 square miles, many of them being one-teacher schools in outlying desert and mountain regions.

Mr. Thrall paid high tribute to the classroom teacher as the most important factor in the educational system. California, he said, has not curtailed its educational program because of the depression and is one of the two bright spots in the nation in that regard.

During the serving of refreshments stringed instruments, vocal solos, duets and trios by Eddie Kirk, Cecil Johnson and Rex Pearson, furnished the musical setting.

Assisting in the serving were five charming young girls, the Misses Ruth Underwood, Evelyn Ramsdale, Vivian Chambers, Elaine Coon and Jerry Ann Colborn.

This meeting closes the chapter year and no more regular sessions will be held until next autumn.

Advance Bible Class Meets for Luncheon

With 28 members in attendance, an all-day meeting of the Advance Bible class of the Methodist church was held Thursday at the home of Mrs. W. F. Naftel, 1095 West Arrow highway.

A 25c luncheon was served at the noon hour with the assisting hostesses being Mrs. F. B. Harn, Mrs. Lester P. Jones and Mrs. Bert Hendy. The Misses Nellie Jones and Dorothy Hendy aided in serving the luncheon.

In the afternoon Mrs. Lester P. Jones, the class president, held a short business session and the devotional service was led by Mrs. Marian Cochran, class teacher.

A short time was devoted to making plans for the class activities during the coming year and the remainder of the afternoon was spent socially, the piecing of quilt blocks being accompanied by pleasant chatting.

Dance Held in Honor Of Peggy Grahame Merry Event

A pretty courtesy, made all the more enjoyable for the honoree because given by her three aunts to celebrate her recent graduation from Upland junior high school, was extended to Miss Peggy Grahame, daughter of Mr. and Mrs. J. Lynward Grahame of Third avenue, Wednesday evening when Mrs. H. O. Blohm, Mrs. Eva Moore and Mrs. Earl Maurer, the latter of Barstow, entertained with a dance in the Upland Woman's club house.

Spring flowers in various colors were used in decorating the club house and gay favors were distributed among the guests, aproximately 80 youthful friends of the young honoree.

Music for the dancing was provided by Lynn Peters of Ontario.

At 11 o'clock a smartly appointed buffet supper was served.

Coming from out-of-town to attend the dance, in addition to Mrs. Maurer, a co-hostess, was Mrs. Henry Stevens, the former Miss Judith Bordwell and a cousin of the honor guest.

Miss Hester Honored At Shower Given By Mother

As a courtesy for her daughter, Miss Bernadean Fern Hester, Mrs. J. E. Pollock entertained Wednesday evening with a miscellaneous bridal shower at her home, 667 First avenue.

Miss Hester's fiance is Wilbur Reed of Upland, son of Mrs. Ben Henry of Pomona, and during the party she announced the marriage will occur early in July.

Several amusing games were played and later the many lovely gifts were presented to the bride-elect, a pleasant hour being spent in their inspection.

Late in the evening summer refreshments were served.

Mrs. Pollock was assisted in entertaining by her niece, Miss Patricia Cooney, of Ames, Iowa, who recently arrived to spend some time with her aunt and cousin.

Attending the party were Mrs. Ben Henry of Pomona, mother of the bridegroom-elect; Mrs. Loretta Dewey, Mrs. Charles Dewey, Mrs. Harry Williamson, Mrs. Hall, Mrs. John Tate, Mrs. Lena Stalter, Mrs. Roy Palmer, Mrs. Theodore Davis, Mrs. Bower, Miss Eva Bower, Mrs. Milo Smith, Miss Ella Clark, Mrs. Harve Tuttle, Miss Mattie Clark, Mrs. Fast, Miss Wilma Fast, Mrs. Luke Davis, Mrs. Betty Blackburn, Mrs. Charles Deverts, Mrs. Ernest Reed, Mrs. Star, Miss Patricia Cooney, and Mrs. Pollock, the hostess.

Mrs. V. D. Johnson, who has been visiting for several days with her son-in-law and daughter, Mr. and Mrs. Clyde Whiteley, 286 Laurel avenue, will return Sunday to her home in Orange.
